## EDITORIAL.....

At present our members are facing certain difficulties as far as loading of Life Certificates/ Medical Claims, monthly pension slips etc. and other problems/demands of the Federation of our pensioners. In this regard, our Federation has written a detailed letter/request to the DMD/CDO at Corporate Centre to mitigate the same, the contents of which are as follows :

### PROBLEMS OF PENSIONERS (01.03.2018)

We are pained to bring the following few lines for your kind consideration and favourable action.

#### 1. UPLOADING OF LIFE CERTIFICATES

This process of uploading of life certificate takes place every year commencing from the month of November of current year to till the end of January next year. All the pensioners have to submit the Life Certificate at the pension paying branch and branch in turn have to provide acknowledgment evidencing submission of Life Certificate by the pensioner. The branch(s) is/are not in the habit of acknowledging the submission of life certificate in majority of the cases. The life certificates are not uploaded immediately stating that the site does not operate. The pensioner leaves the branch with confidence that it will be uploaded at a later date. In majority of the cases it does not happen or if it happens it was left unauthenticated by the officer

concerned. Every year at the end of the February you will find at least on an average 1000 pensioners in each circle not in receipt of pension in the month of February.

Non-functioning /malfunctioning of the system as well as manpower shall not become a curse for the pensioner. Any request from the pensioner to pay net pension by debit to system suspense account is refused by the branch/controller though the pensioner holds the acknowledgment evidencing submission of life certificate. Why should the pensioner suffer for no fault on his/her part? The solution from us is that there shall not be stopping of payment of pension in the month of February. This issue needs urgent attention of Corporate Center for resolving the issue on top priority basis.

## 2. DEBITS AND CREDITS TO THE ACCOUNTS

The Bank is in the habit debiting and crediting the amounts without intimation to the pensioners. There is no narration for the amounts debited / credited leaving the pensioners in confusion. The pensioner might have issued cheques for the amounts and cheque bouncing becomes an offence. There may be certain expenditures of various natures. All these acts make the aged pensioner more painful. Who should be made accountable for these lapses happening regularly? This issue was debated at many pensioners' meets and official meetings periodically but no solution is chalked out to resolve the problem.

## 3. INTERET RATES ON OD IN CURRENT ACCOUNT AGAINST DEPOSITS

Pensioner (ex-staff) avails a loan on his/her deposit with a specific rate of interest. The deposit gets matured on a particular date. The Branch renews the deposit with the applicable rate of interest during the period will generally be at a lower rate. The interest charged on deposit at the time of sanction of loan will vary be definitely attracting higher rate of interest. The account continues to attract interest at higher rate than the rate of interest on deposit. There is provision in the system to change the rate of interest. The only solution is to close the loan account and open afresh new account. In majority of the cases higher rate of interest is paid than the applicable rate of interest. This needs change of programme in the system to enable the branch to modify the rate at the prevailing rate. Here again the pensioners are put to loss.

## 4. CONDUCT OF STRUCTURED MEETING BY THE CORPORATE CENTER AND CIRCLES

Shri O.P. Bhatt the then Chairman introduced a forum for pensioners to present the problems once in year with representatives from all the

circles and Federation Office bearers at the Corporate Office. These meetings have to be held twice a year at the Circles and a photograph has to be taken evidencing having conducted the Structured Meeting with proceedings thereof. The Corporate level Structured Meeting has to be held once a year. These meetings are not held in circles on regular basis including Corporate Center. Repeated requests from the representatives of Circles and Federation are not honoured in time. The meetings if held regularly will find solution for many issues faced by the pensioners.

## 5. PAYMENT OF ARREARS DUE TO REVISION OF PENSION TO 5 TO 7 BPS RETIREES

The payment of arrears of pension was commenced from the month of July 2017 for the retirees of 5<sup>th</sup> to 7<sup>th</sup> BPS. There are many complaints from the circles that still small number of 400 to 600 retirees on an average per circle did not receive arrears of pension. We request you to hasten up the process of payment of arrears to the eligible pensioners and family pensioners at the earliest as seven months have already passed. It has become difficult to contain the anguish among the seniors.

## 6. DEDUCTION OF INCOME TAX AT SOURCE

Many pensioners retired prior to 2002 have no tax liability and no returns were submitted by them. Now the tax deducted in respect of some of the retirees not eligible for receipt of arrears were recovered by the bank. It was made clear to them that they shall file tax return to get the money back recovered at corporate center while effecting the payment. Now if the pensioner submits the return, the IT department will direct the pensioners to submit the returns for the past years. Therefore, we request the Bank that the refund of tax may be taken up with IT department instead of burdening the retirees.

**7. CIRCULARS**

Many of our Affiliates are finding it difficult to get the circulars issued from time from the Bank. The pension portal SBICOIN is not updated periodically. Therefore, we suggest that the circulars may be mailed to mail-ID of the General Secretary of each circle while mailing to the heads of the circles to enable us to have first-hand information on issues relating to pensioners.

**8. MONTHLY PENSION SLIP**

Now to obtain monthly pension slip each pensioner must possess mail ID and pass word. in order to make the procedure more user friendly we suggest the Bank to provide one more slot along with other slots like e-circulars/complaints etc which are password free in the SBICOIN. The present facility of providing monthly pension slip at the pension paying Branch and gross pension paid at the end of the financial year may be continued along with the above facility.

We extended our services during the demonetisation period all over India. We were there in fore front whenever the bank requisitioned pensioners' services but at the end due to above mentioned issues we got disappointed on many occasions. In the above circumstance, we are the opinion that periodical interaction by the Corporate Center/Heads of the circles with the representatives of Federation /Circle level representatives though the structured forum will definitely find solution for many problems. Therefore, we look to you for an early conduct of Structured Meeting at Corporate Center and half yearly level meetings at the Circle level without further loss of time.

We hope all the above issues presented will find a solution at the earliest.

With kind regards,

Yours faithfully  
sd/-

(A.RAMESH BABU)  
GENERAL SECRETARY

### **A Booster for Old Age : Value Relationships**

Strong social connections can boost your health, research has proved. If you stay active within your community, you will have faster recovery from illness, anxiety and depression reduced, and strong immune system. In case, you feel isolated from others, it will disrupt sleep, elevate blood pressure and increase the risk for dementia. By taking part in family traditions and maintain relationships with former classmates and co-workers etc. are many ways to avoid the consequences of loneliness. Prepare a list of friends and family members to remain in touch regularly, by various modes of contacts and also personal visits. Another simplest method to build relationships with others is smiling at another person. Initiate conversations asking people about their lives, families, hobbies and actively listening them.
